

Sliding Fee Application Information

Marimn Health sliding fee scale costs are based on Family/Household size and income: Family/Household is defined as a group of two or more people, related or not, who usually (though not necessarily) live together, who depend upon and share the declared income and expenses. To see if you qualify, complete the application and bring it to your first visit along with proof of income (tax information, paycheck stub, bank statement, etc.). An online application is also available under the patient services tab of our website, marimnhealth.org. Please note that we require tax documents for patients that are self-employed.

Sliding Fee Program Payment Contract

The Sliding Fee Program is a part of our Community Health Grant which allows Marimn Health to offer services at a discounted rate to patients who meet the qualifications. It is federally funded, and so has some requirements that must be met by participants to stay in the program.

This is a contract between the participant and Marimn Health. Marimn Health Medical Center agrees to provide covered services at a fixed, discounted rate to participants. Those rates are as follows:

<u>SLIDING FEE</u>	<u>MEDICAL BEHAVIORAL HEALTH VISION EXAMS</u>	<u>DENTAL</u>	<u>GROUP APPOINTMENTS PHARMACY EACH SCRIPT</u>
Nominal	\$10.00	\$25.00	\$5.00
Level I	\$20.00	\$50.00	\$10.00
Level II	\$40.00	\$75.00	\$15.00
Level III	\$60.00	\$100.00	\$20.00

If you have insurance, the lesser of your co-pay, deductible or sliding fee payment will be billed to you, unless prohibited by the third party contract. Payment must be received within 30 days of being billed or your account will be deemed past due. Services done outside of Marimn Health Medical Center are not included in this payment and may be billed to the patient by the rendering provider.

The patient or guarantor agrees to pay the required payment prior to receiving covered services at the Marimn Health Medical Center. The patient also agrees that if the required payment is not made they will not receive the scheduled service (except in cases of life threatening accident or illness, as determined by the clinical staff at Marimn Health) and will be required to reschedule. There will be no exceptions.

The patient or guarantor also agrees that their account must be current with no past due balances. If the account is not current, then the participant will be taken off of the Sliding Fee Program and be required to pay full price for any services received. They will also not be eligible for reinstatement in the program until their account is current.

I have read and understand the above information and I agree to all terms and conditions of this agreement. I also understand this contract is in effect for only 12 months. It is possible to update sooner if there is a change in income.

This contract is subject to change without notice when changes are made due to grant requirements.
